Why use Aspire UK to care for your loved ones?

We have been here for almost 20 years for one single reason: we care for our clients as if they were our family. As one of the biggest care providers in the area, we work with care workers whose dedication is combined with years of experience and an impressive training history.

- ✔ **We respect the right to an independent life:** we ensure that your loved one can remain safe and secure in their own home and lead a fulfilling life.
- ✔ **We think of you as a family:** you'll have access to our Client Portal where you can track medication, calls and leave messages for us.
- ✔ **We recognise that everyone is unique:** we provide a bespoke service for our clients and match them with a care worker whose interest, age and personality are the best fit.
- ✔ **We know you need a break from time to time:** we provide holiday and respite care if you need to be away for a while.

We are trusted not only by hundreds of our clients but also by the NHS, Leicester City Council and Leicestershire County Council. You'll have the peace of mind to get help from an established organisation that is a respected member of our community.

Our team leader is happy to visit you or your loved one and talk about the specific needs and how we could help.
